MESA

PUBLIC SCHOOL TO DISMISS.

The public schools of Mesa as well as those throughout the territory, will be dismissed Monday evening, Nov. 12, and again resume on the following Monday morning. While the vacation will be welcomed by the pupils on account of it being fair week, the teachers will not find it such a pleasurable "outing," as they are compelled by statute to attend institute during the week.

A TIPPING JAP.

It is not very often that the employees of the Alhambra are treated to such a genuine treat as the one accorded them yesterday morning when Kay Lusk, of Los Angeles, on his way to Globe, tipped himself to popularity. The gentleman of the Orient seemed to be literally "lousy" with filthy lucre, and what's more important, he seemed to be very anxious to increase the circulation of the coin of the realm in and about Mesa.

Beginning with the waitresses, who were surprised to find their wages doubled, he walked into the office and up to the clerk, and told him to reach in the case and help himself to a cigar, tossing the man behind the counter a

quarter. Now, as is well understood, hotel clerks despise money, but Kay seemed so jolly and good natured about it that it was hard for any one to take offense.

As the wily Jap paid his bill he gave the clerk a tip for accepting the money. As he passed through the hall he tipped the chambermaid and then, as he walked out to take the bus he shook a five-dollar bill at the office dog, but the dumb brute could not understand, and Kay Lusk, the tipping Jap, the gentleman from the Orient, looked grieved.

N. G. A. MEETING.

There will be a meeting of the National Guard of Arizona tonight at the armory for the purpose of electing a second lieutenant and some non-commissioned officers. Every member is urged to be present as it is an important meeting. By order of Capt. Standage.

M. & P. EXCURSION.

The excursion to Phoenix last night carried quite a number of theater goers over to witness the production of "The Maid and the Mummy." It had been thought that the mummy had been dead for over five thousand years, but the posters distributed over town seemed to indicate that the wardrobe

to be worn were to portray the times when the mummy was in his early manhood—maybe that had something to do with the attraction.

GUILLERMO TAPIA DEAD.

Guillermo Tapia, a single man, aged 42 years, died yesterday at 4 p. m. with hemorrhage of the lungs, at the home of P. Valenzuela, in the north part of town. The relatives of the deceased, who like near Casa Grande, have been notified and it is expected that they will be here this evening.

Tapia had been employed at the Arizona dam for some time and was ill but a few days.

PURELY PERSONAL.

E. S. Kirkpatrick, with the reclamation service, was over from Phoenix yesterday.

Steve Peterson last night broke the box ball record at the bowling alley, with a score of 152.

Chas. Beaumont, disbarred agent with Shattuck and Desmond, is being assisted by O. D. Hawkes. Mr. Hawkes was formerly with the commissary department at Roosevelt.

C. L. Diehl, will have a quince exhibit at the fair. The fair management neglected to place notices upon the list of entries, but Mr. Diehl's exhibit has been accepted just the same. Clayton Whitehead came in yesterday from the Williamson valley where he is interested in the cattle business.

Jed Peterson was a Phoenix visitor yesterday.

A. J. Chandler will have samples of his alfalfa seed in the agricultural exhibit at the fair.

Born: To Mr. and Mrs. Geo. W. Peterson, on Thursday, a son. Rev. N. C. Valentine, a teacher in the industrial schools of the Philippines, will lecture at the Baptist church next Sunday at 11 o'clock a. m. All are cordially invited to attend these services.

W. J. Davis has resigned his position as night watchman with the M. & P. Co., and his place will be filled by Mr. Donnell of Phoenix.

A. C. McQueen will have an exhibition at the fair his strain of Black Galloway cattle.

Wm. Elders has decided to place a few prize taking Bronze turkeys on exhibition next week at Phoenix.

E. S. Sherman of Yuma, arrived in the city yesterday morning for a two or three weeks visit with his daughter, Mrs. J. A. Crouch.

J. J. Frazier of Fish Creek, was a Mesa visitor yesterday. Mr. Frazier is an extensive cattle owner.

Miss Thompson of Roosevelt, the daughter of S. S. Thompson, is in the city for a visit with friends.

Fin Lee, the old time M. & P. agent at this place, was in the city yesterday.

T. F. Jones of Roosevelt was in the city yesterday.

Mr. and Mrs. Wm. Henderson of Globe are in the city on their way to Phoenix, where they will take in the fair.

The ladies of the Methodist church netted \$76 as a result of the "Deedist Skule" presented at the opera house last night.

Frank Markstrom, of Prescott is in Mesa on business today.

O. J. Green was a Mesa business visitor yesterday.

Mrs. Rachel Crandall is over from Phoenix to spend a couple of days with her son, E. S. Crandall.

Mrs. H. L. Chandler was a Phoenix visitor yesterday.

J. L. Waring is able to be at his desk in the bank again after a few days illness.

Mrs. Ray Smith and little daughter returned this morning from Colonia, Juarez, Mexico, where they have been visiting relatives for a couple of months.

AMUSEMENTS.

The Deedist Skule was presented to a well filled house Friday evening by the ladies of the Methodist church, and it is useless to say that there was something doing from the time the audience caught sight of the full grown patch on the bosom of Jonathan Few-clothes' trousers until Little Baby Brother caught hold of the coat tail of the man who came to sing to the scholars on the last day of school. The parts were splendidly taken and each and every scholar as well as teacher and visitors deserve special mention.

The Reed-Underwood stock company presented the Burglar to a well filled house last night. The Burglar is a play filled with heart interest, true to life and not lagging in interest from the time of the first curtain until you become aware that the show is over. The Reed-Underwood people are not newcomers to Mesa, and whenever they are billed to appear here they are always sure of a full house.

The Georgia Plantation Minstrel company will present the South Carolina Jubilee singers at the opera house

Monday night, Nov. 12. Del Ferry, and Jarrett, the sketch team in "Every Little Bit Helps," and "Dr. Smith and his Patient," the most laughable piece ever presented, are some of the attractions. Then there are the champion cake walkers, unexcelled buck and wing dancers and singing gals. See the people direct from South Carolina.

GRANITE REEF.

It is predicted that within a month the work of constructing the Arizona diversion dam will be going on with a full force of men. At the present time there is a gang of fifty at work, excavating on the south side of the river for the abutments and for the foundations for the heavy machinery which must be installed before the real work of construction begins. A limited number of men are placing the machinery.

The quarry which is to furnish rock for the foundation lies about one mile up the river from the dam site, but a tramway is being built and cars propelled by electricity will haul the stones down to the dam. The power plant formerly operated by the old company and located on the north side of the river is being repaired and will be used to furnish the motive power for the construction.

Cement, which will be an important part of the foundation material, is being hauled from the government mill at Roosevelt and over ten car loads of lumber has gone to the dam from this place.

While the work being done now is only preparatory to the regular dam building, it is estimated that work on the foundation may commence within six or eight months.
